

Spray Adhesive

fast drying adhesive for all lightweight materials

- Adjustable nozzle.
- Fast drying.
- Drying time 10 – 20 minutes depending on surface.
- Long lasting adhesion of plastic, felt material, foamed material, cork, foil and paper.
- Resistant to damp.
- Temperature resistant up to 55°C.

Contents ml	Art. No.	P. Qty.
500	0890 100 055	12/1

Spray Adhesive Extra Strong

especially for adhesion of porous surfaces, e.g. felt, cloth, foam material and fabrics

- Drying time 10 – 20 minutes depending on surface.
- Temperature resistant up to 70°C.
- Adjustable nozzle.
- The adhesion properties are specifically designed for use within the automotive industry, for adhesion of sound deadening pads.
