

POLYURETHANE ADHESIVE RAPID 03

Your advantages:

- One Component.
- Moisture curing.
- Quick curing (approx. 15 mins)
- Excellent adhesion to most common substrates
- Conforms to EN 204.205, D4 Classification.
- Will cure on timber with a moisture content of up to 30%

Areas of application:

- Soft & hard woods
- Construction of sandwich panels.
- Garden furniture.
- Many other uses.

Contents	Art. No.	Pack/Qty
1 kg	0892 100 180	6

Technical Data:

Colour	Brown
Density	1.10g/cm ³
Curing	15-30 mins. depending on substrate
Usage	120-150g per m ² depending on substrate
Application temp	5 to 35°C (once cured)
Shelf life	6 months

With this information we want to advise you to the best of our knowledge based on our tests and experience. Preliminary testing required! For further information see the technical data leaflet.
