

SPECIAL PLASTIC ADHESIVE

Quick-hardening adhesive for plastics, especially PP/PE.

Also comes with standard 48ml twin cartridge adaptor

Designation / Container	Contents in ml	Art. No.	P. Qty.
Double Cartridge (can only be used with Gun Art. No. 0891 893 486)	38	0893 480 001	1
Double Cartridge Gun incl. 1:1 and 1:10 Mixing Adapter	–	0891 893 486	1

Use:

- Adhesion of all plastic parts with one another or with other materials. Excellent adhesion to plastics, such as PE, PP, LDPE and HDPE.

- ▶ Excellent adhesion to plastics and metals.

Your advantage:

- Secure and lasting connection to a variety of materials is possible.

- ▶ Primer or activator not required.

Your advantage:

- Time saving - Less mess

Tensile shear strength:

The joint parts are pulled in the opposite, horizontal direction, which subjects the adhesion to stress and strain. To achieve optimum adhesive force, the overlapping surface should be selected as large as possible.

Tensile shear strain
– Pressure shear strain

Tensile shear strength

Material	N/mm ²
ABS	6
PVC	12
PE	3
PP	5.2
PA	3.6
PMMA	12
PC	9.2
Steel	12
Stainless steel	12
Aluminium	12.2
Beech	11

Acetone Cleaner

**Art. No. 0893 460/
0893 460 001**

Precleaner

Art. No. 0893 200 1

Positive Mixer

Art. No. 0891 481
