WÜRTH PERFECTION LINE

passion needs care

1 | EXTERIOR TREATMENT

A perfect shine

Perfection is a matter of details. The Würth Perfection Line offers you the perfect product for every stage in the cleaning and preparation of your vehicles – be inspired!

NEW

Primary Vehicle Cleaner

Environmentally friendly cleaning concentrate for removing road dirt, oil, grease and other contaminants.

- Concentrated so can be diluted to ratio required for particular types of contamination
- Can be applied manually and with pressure washers.
- Free of phosphate and volatile organic solvents, AOX-free. Road dirt, oil, grease and other contaminants are removed quickly and thoroughly
- Silicone free

Can be applied via pump spray bottle 0891 503 001 or through a pressure washer.

5000ml | Art. No. 0893 475 | P.Qty. 1

20lt | Art. No. 0893 475 1 | P.Qty. 1

TFR

Concentrated traffic film remover for use through hot or cold pressure wash equipment.

- May be diluted for greater economy.
- Suitable for use in hard or soft water conditions
- Suitable for use through pressure washing machine either hot or cold
- Used extensively in the transport industry e.g buses, box vans, curtain sided vehicles, tankers, earth moving vehicles, cars, etc
- Pre-dilute with water as required prior to pouring into detergent feed tank

Direct Delivery 3-5 Days

200lt | Art. No. 0893 502 200 | P.Qty. 1

NEW

R1 Cleaner

Universal, environmentally friendly cleaner for vehicles, workshops, offices, interiors, carpets, upholstery, and all water-resistant surfaces.

- High cleaning performance, even persistent dirt is quickly and thoroughly removed
- Versatile application, does not attack paint, rubber or plastics
- Pleasant fragrance
- Biodegradable. Phosphate, silicone, AOX and solvent free

5lt can be applied via Tornado gun 0891 703 118 or pump spray bottle 0891 503 001, other application bottles available

5000ml | Art. No. 0893 125 005 | P.Qty. 1

NEW

Engine Cleaner

Powerful cleaner for engines, engine compartments and gearboxes.

- Great cleaning performance, quickly and thoroughly removes oil, grease and other dirt
- Silicone-free, does not contain AOX compounds or organic solvents
- Gentle on materials, surfaces not attacked due to the lack of aggressive substances

Can be applied via pump spray bottle 0891 503 001, foam gun 0891 612 or through a pressure washer.

5000ml | Art. No. 0893 013 05 | P.Qty. 1

300ml | Art. No. 0890 23 | P.Qty. 1/12

Insect Remover

For easy removal of insect dirt/residue that damages paintwork.

- Easy and quick to apply before washing vehicle
- Highly suitable as a pre-treatment at the car wash
- Gentle on materials, and does not attack paintwork, chrome, plastic, rubber etc.
- Silicone free, AOX free

5lt can be applied via pump spray 0891 503 001

500ml | Art. No. 0893 470 | P.Qty. 1/12

5000ml | Art. No. 0893 470 5 | P.Qty. 1

Tar Remover

Effortlessly removes tar, oil and splashes of underbody seal and cavity sealant from paint and chrome.

- Great solvent power in removing stubborn dirt
- Emulsifying effect ensures it is easy to rinse off
- AOX free

300ml | Art. No. 0890 26 | P.Qty. 1/12

SHAMPOO

Shampoo

Quickly removes soil, dirt, contamination and traffic film from vehicles to leave a streak free shining finish.

- For hand washing and automatic car washes
- Contains no additives or materials likely to set up corrosion

5000ml | Art. No. 0893 501 550 | P.Qty. 1

25lt | Art. No. 0893 012 513 | P.Qty. 1

NEW

Premium Shampoo

High foaming formulation for gentle, complete cleaning of vehicles.

- Can be used manually and also in pressure cleaners
- Gentle on the skin and environmentally friendly
- Fast separating in waste water in accordance with German Ecological Standard Test B 5105
- Silicone free, AOX free

5000ml | Art. No. 0893 012 05 | P.Qty. 1

Wash and Wax Autosham

Two-in-one for washing and waxing in a single step.

- Removes dirt from vehicle paintwork, chrome, plastics, rubber etc.
- Forms a protective layer after washing
- Silicone free, phosphate free, AOX free

5000ml | Art. No. 0893 010 05 | P.Qty. 1

Combi Sponge

Ideally suited for cleaning windows.

- Composite material; hard, yellow side loosens coarse dirt, brown side absorbs fine dirt.
- 140mm x 90mm x 60mm

Art. No. 0899 700 410 | P.Qty. 10

Vehicle Sponge

For cleaning cars and commercial vehicles.

- Cell structure with different pore sizes and shapes.
- Excellent cleaning, promotes foaming, actively absorbent; non-scratch and permanently elastic
- 180 x 13 x 6mm

Art. No. 0899 700 400 | P.Qty. 1

Vehicle Sponge Half Round

Cell structure with different pore sizes and shapes.

- Excellent cleaning, promotes foaming, actively absorbent; non-scratch and permanently elastic
- 195mm x 85mm 55mm
- 188 x 80mm when compressed

Art. No. 0705 700 131 | P.Qty. 10

Micro Fibre Green Basic 40 x 40cm

Ideal for vehicle cleaning and polishing.

- Outstanding cleaning power, attracts dust due to static effect.
- Loopless, meaning it will not leave behind scratch marks

Art. No. 0899 900 050 | P.Qty. 50

Grey Micro Fibre Cloth Large

High-performance microfibre cloth for drying after wet cleaning in the automotive sector.

Excellent absorption
The thick pile has a high water-absorption rate of up to 500%
Does not leave any traces of scratches and is very gentle on paintwork

Art. No. 0899 900 135 | P.Qty. 2

Fringed Wash Mitt

Highly effective microfibre glove for deep-cleaning tasks in the automotive, caravan and household sectors.

Art. No. 0899 710 005 | P.Qty. 1

Chamois Leather 70 x 45cm

Made from real sheepskin.

- High water absorption capacity
- Completely natural product
- Lint-free, long service life

Art. No. 0899 700 630 | P.Qty. 1

Chamois Synthetic 40 x 45cm

Synthetic leather.

- 40cm x 45cm

Art. No. 0899 700 636 | P.Qty. 1

NEW

CLAY

Efficient deep cleaning and perfect preparation of painted surfaces for the best polishing results.

- Easily removes stubborn residue and dirt from painted surfaces that cannot be removed by conventional cleaning, producing a mirror-like finish.
- Especially gentle cleaning owing to very low heat development and avoidance of aggressive cleaning agents.
- Washable and reusable.

Clay Pad 110mm x 70mm x 40mm

Art. No. 0585 300 110 | P.Qty. 1

Clay Mitt 210mm x 140mm

Art. No. 0585 300 210 | P.Qty. 1

Clay Towel 320mm x 300mm

Art. No. 0585 300 320 | P.Qty. 1

Bucket

Strong polyethylene wash bucket.

12 litre | Art. No. 0695 770 12 | P.Qty. 1

20 litre | Art. No. 0695 770 20 | P.Qty. 1

Cleaning Bucket 7pcs

Contains:

- Bucket
- Hydra Flexi Blade
- Microfibre Cloth
- Sponge
- Interior Sponge
- Soft Grip Wheel Brush
- Polish Pad.

Art. No. 0891 350 297 | P.Qty. 1

NEW

Wipe and Shine Squeegee 350mm

With handle for removing drops of water.

- Can be used with telescopic handle, soft rubber ensures gentle treatment and optimum protection of surfaces

Art. No. 0891 350 205 | P.Qty. 1

Wipe and Shine Squeegee 450mm

With handle attachment for removing residual drops of water.

- Ideal for large surfaces, can be used with telescopic handle, soft rubber ensures gentle treatment and optimum protection of surfaces

Art. No. 0891 350 206 | P.Qty. 1 

Floor Squeegee 35 x 600mm

Black cellular rubber floor squeegee for effective removal of water and oil.

- Resistant to oil, ideal for large surfaces, soft cellular rubber ensures gentle treatment and optimum protection of surfaces

Art. No. 0891 350 207 | P.Qty. 1

NEW

Hand Held Brush 130 x 340mm

With ergonomic handle. Diagonally arranged bristles can reach all areas.

- Split hair tips so the brushes draw in lots of water
- Cleaning that is gentle on paint thanks to split and therefore softened bristles

Art. No. 0891 350 102 | P.Qty. 1 

NEW

Wash Brush Water Channel 140 x 280mm

Vehicle washing brush with water passage, rotary joint and rubber edge.

- A water passage ensures optimum water distribution
- Swivel-mounted brush with patented rotary action
- Split hair tips so that the brushes draw in lots of water; cleaning that is gentle on paint thanks to split and therefore softened bristles

Art. No. 0891 350 100 | P.Qty. 1 

NEW

Wash Brush

Vehicle washing brush with water passage and rubber edge.

- A water passage ensures optimum water distribution.
- Swivel-mounted brush with patented rotary action.
- Diagonally arranged bristles can reach all areas. Split hair tips so that the brushes draw in lots of water.

70 x 270mm | Art. No. 0891 350 201
P.Qty. 1 

80 x 400mm | Art. No. 0891 350 202
P.Qty. 1

NEW

Aluminium Handle with Water Channel 1500mm

Aluminium handle with water passage.

- Robust, impact-proof and easy-to-grip plastic, ensuring convenient and functional use
- Ergonomic handle

Art. No. 0891 350 103 | P.Qty. 1 

NEW

Aluminium Telescopic with Water Channel 1500mm - 2750mm

With water flow-through and 1/2 inch 3/4 inch hose connection, aluminium.

- The telescopic function means that the user always can use the handle at the right length

Art. No. 0891 350 104 | P.Qty. 1 

Aluminium Handle 1500mm

This ergonomic handle is made from aluminium with robust, impact-proof and easy-to-grip plastic, ensuring convenient and functional use.

Art. No. 0891 350 210 | P.Qty. 1

Hydra Flexi Blade 12 inch

For removing water from painted surfaces without the use of a cloth.

- Made from soft, flexible, medical grade silicone
- Gently glides around almost any contour or reach into most grooves without scratching, drying the surface in one swift movement

Art. No. 0891 350 302 | P.Qty. 1

NEW

Hand Held Brush Water Channel 47 x 287mm

With water passage and adapter.

- A water passage ensures optimum water distribution, diagonally arranged bristles can reach all areas
- Split hair tips so that the brushes draw in lots of water

Art. No. 0891 350 204 | P.Qty. 1 

TOP GUN

Suitable for cleaning and removing dirt, grime and staining.

- Yellowing caused by nicotine, footprints, road salt rims, dog hair, wheel rims, door sills and door panels, ventilation shafts, instrument panel, upholstery and headliner, shift sleeves, fuel tank filler necks, number plates and all other hard-to-reach areas, even outside of the vehicle.
- Ball bearing-mounted drive produces tornado effect.
- Air and cleaning agent feed can be set manually.
- Turbulence creates suction which lifts the dirt.
- Micro-atomisation for efficient use of cleaning agent.

YEARS
WARRANTY

ALL NEW

Adaptor Coupling

For the simple connection (3/4 inch female thread) of the high-pressure cleaner to popular hose couplings.

Art. No. 0701 160 006 | P.Qty. 1

Power Jet Nozzle

Rotating narrow jet with up to 10-fold cleaning power for use with the high-pressure cleaner.

Art. No. 0701 160 005 | P.Qty. 1

Three Way Nozzle

Robust, durable and dirt-resistant nozzle for high-pressure cleaner. Easy change-over of jet for every cleaning task. High-pressure narrow jet (0°), high-pressure flat jet (25°) and low-pressure flat jet (40°)

Art. No. 0701 160 004 | P.Qty. 1

Spray Gun

Ergonomic manual spray gun with reduced retention and pulling force for high-pressure cleaner

Art. No. 0701 161 140 | P.Qty. 1

High Pressure Hose 10m for HDR 160 C/185 PP

Robust hose for high-pressure cleaner.

Art. No. 0701 161 110 | P.Qty. 1

Spray Lance

For high-pressure cleaner HDR 160 compact and HDR 185 power plus. For comfortable, effortless work. The pipe can be rotated 360 degrees and the grips are ergonomically shaped.

Art. No. 0701 161 100 | P.Qty. 1

Our problem solver – test the Würth Clay Dirt Absorber today

Everyone knows them and everyone hates them: Dirt particles in hard-to-reach places. We've now declared war on them with the Würth Clay Dirt Absorber. It verifiably kills bacteria and germs. The clay-like gel forces its way even into hard-to-reach problem areas and picks up the dirt. It leaves behind no residue – try it out! Reusable: The Clay Dirt Absorber comes in resealable tins and bags.

Clay Dirt Absorber

For cleaning hard to access places such as vents, hand brake and gear stick surrounds.

- The flexible cleaning compound reaches difficult to access places easily.
- Perfect combination of viscosity and elasticity.
- Residue free deep cleaning.
- Absorbs and traps dirt and dust particles.
- Can be reused multiple times.
- Silicone free, AOX free, VOC free, Phosphate free.

NEW

Tornado Spare Parts Kit
Art. No. 0891 703 120

Tornado Gun

Pneumatic cleaning gun for thorough cleaning of dirt and soiling in problem areas.

- Micro-atomisation for low cleaning agent consumption.
- Contamination removed extremely quickly and effectively
- Effortless cleaning of gaps, cracks and ducts without cumbersome accessories
- Turbulence creates suction which lifts the dirt in a tornado effect.

Art. No. 0891 703 118 | P.Qty. 1

NEW

Carpet and Upholstery Brush

For brushing dust and hairs out of car seats, upholstered furniture and carpets.

- Due to its hard bristles, the brush is also ideally suited for applying cleaning agents when cleaning upholstery and carpets.
- The ergonomic handle enables simple use.

Art. No. 0891 350 500 | P.Qty. 1/6

NEW

Rubber Brush

Ideal for brushing animal hair and dust off car seats, upholstered furniture, leather, fabric convertible tops and smooth floors.

- The high-quality rubber compound guarantees quick and effective removal of hair and lint thanks to its electrostatic charge.
- Rubber lip and short bristles are also suitable for hard floors, stairs, wallpaper, furniture etc.

Art. No. 0891 350 505 | P.Qty. 1/6

TOP GUN

Suitable for cleaning and removing dirt, grime and staining.

- Yellowing caused by nicotine, footprints, road salt rims, dog hair, wheel rims, door sills and door panels, ventilation shafts, instrument panel, upholstery and headliner, shift sleeves, fuel tank filler necks, number plates and all other hard-to-reach areas, even outside of the vehicle.
- Ball bearing-mounted drive produces tornado effect.
- Air and cleaning agent feed can be set manually.
- Turbulence creates suction which lifts the dirt.
- Micro-atomisation for efficient use of cleaning agent.

3 | ADDITIONAL ITEMS

Perfect quality

Is 100% quality important to you even when it comes to additional items? Then you've come to the right place. On the following pages, we bring you a few products that you will need time and again when preparing vehicles.

GENERAL CHEMICALS

Liquid Green

Powerful multi-purpose cleaner with great grease and resin dissolving capacity.

- Extraordinary cleaning performance due to its innovative combination of active agents
- Grease, resin, and other dirt is thoroughly and reliably removed
- Multipurpose
- Does not attack paint, chrome, plastic, rubber or metal surfaces
- Contains no phosphates or organic solvents
- Silicone free, AOX free

500ml | Art. No. 0893 474 | P.Qty. 1/12

5000ml | Art. No. 0893 474 5 | P.Qty. 1

NEW

See our video

IPA Cleaner

For universal use. Gentle and effective cleaning, suitable for delicate surfaces.

- Isopropanol cleaner
- Removes both greasy and water-soluble dirt.
- Leaves no stains or streaks behind on bare metal or glass surfaces as product evaporates entirely without residue after a short while.

500ml | Art. No. 0893 223 500 | P.Qty. 1/12

Industry Cleaner

High-quality special cleaner for removing adhesive tape residue, labels and film stickers as well as stubborn dirt.

- NSF certified.
- Simple removal of adhesive residue, labels, and adhesive tape.
- Dissolves stubborn dirt such as wax, rubber abrasion, silicone residues, permanent marker, oil and grease.
- Delicate on surfaces such as aluminium, brass and stainless steel are not attacked.
- Silicone free, acetone free, AOX free.

500ml | Art. No. 0893 140 | P.Qty. 1/12

Compressed Air Spray

Effortlessly removes dust in hard-to-reach areas.

- Long spray tube enables accurate spraying.
- High pressure
- Saves time when cleaning and removing dust.
- Leaves no residue behind.
- Does not attack materials.

200ml | Art. No. 0893 620 200 | P.Qty. 1/24

NEW

R1 Cleaner

Universal, environmentally friendly cleaner for vehicles, workshops, offices, interiors, carpets, upholstery, and all water-resistant surfaces.

- High cleaning performance, even persistent dirt is quickly and thoroughly removed
- Versatile application, does not attack paint, rubber or plastics
- Biodegradable. Phosphate, silicone, AOX and solvent free

5lt can be applied via Tornado gun 0891 703 118 or pump spray bottle 0891 503 001, other application bottles available

5000ml | Art. No. 0893 125 005 | P.Qty. 1

Graffiti Remover 500ml

The graffiti remover for smooth, non-absorbent surfaces.

- The problem solver for heavy graffiti covering large areas, particularly on painted surfaces
- Very high cleaning performance, effectively removing varnish, paint and felt-tip graffiti. - No repainting required. Solvent-resistant surfaces are not attacked
- AOX and Silicone free

Indoor | Art. No. 0893 136 | P.Qty. 1/12

Outdoor | Art. No. 0893 135 | P.Qty. 1/12

Care and Lubricant Spray

Protects and maintains seat belts, plastic and rubber in vehicles, in technical equipment and in the home.

- Non-dirty, non-greasy and fully synthetic care and lubricant film
- No contamination of clothing upon contact
- No dirt or dust adhesion
- Anti-slip protection against friction and noises
- Eliminates squeaks and creaks on plastics (switches)
- Does not age, gum up or stick
- Provides lasting protection against UV rays
- Care and lubricant spray resistant to high temperatures
- Higher stability under thermal drying (radiators) - no loss of adhesion
- Silicone free, resin free and AOX free

300ml | Art. No. 0893 224 | P.Qty. 1/12

Spray Bottle

For user-friendly application of liquids.

- Natural-coloured, shatter-proof container.
- Gauge in 100ml and 200ml graduations.
- Customisable label.

500ml | Art. No. 0891 502 002 | P.Qty. 1
1000ml | Art. No. 0891 502 003 | P.Qty. 1

Spray Trigger

Special suction system allows 360 degree spraying for reliable overhead, diagonal or vertical operation.

- Ergonomic, sturdy spray atomiser with long handle.
- Can also be attached to the workshop trolley.

1000ml | Art. No. 0891 503 360 | P.Qty. 1

5lt Tap

Tap with DN 45 connection for 5lt plastic canister.

Art. No. 0891 302 01 | P.Qty. 1

20lt Tap

Plastic tap with DN 60 connection for 20lt and 60lt containers.

Art. No. 0891 302 03 | P.Qty. 1

Tex Rein Cleaning Cloth 27 x 38cm 150pcs

This robust, extremely moisture resistant wiping cloth is suitable for cleaning smooth and sensitive surfaces (e.g. final cleaning prior to painting).

- Can be removed separately due to special fold.
- Extremely tear-proof and moisture-proof.
- Resistant to solvents. Lint-free.
- Very absorbent.
- Can be washed, wrung out and re-used.
- Colour-fast - no bleeding.

Art. No. 0899 810 | P.Qty. 1/4

Tex Polishing Cloth 37 x 38cm 150pcs

The super-soft all-round polishing cloth made from special fleece material with perforated structure.

- Extremely absorbent, highly resistant to water, wear and tear, can be washed and wrung out
- Made from 100% spun rayon
- Fine texture for optimum polishing performance
- Ideally suited for polishing sensitive surfaces
- Resistant to solvents
- Silicone-free and food-safe

Art. No. 0899 811 | P.Qty. 1/4

Micro Fibre Cloth 40 x 40cm Internal Cleaning

For streak and lint-free results.

- Perfect for daily cleaning and vehicle interior cleaning
- Attracts dust due to static effect

Blue | Art. No. 0899 900 131 | P.Qty. 3

NEW

Micro Fibre Special Streak Free Grey

For streak-free, lint-free results on smooth surfaces such as glass, chrome and paint.

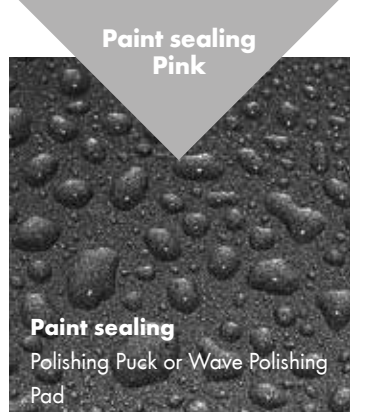

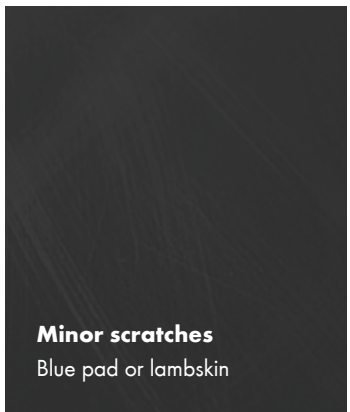

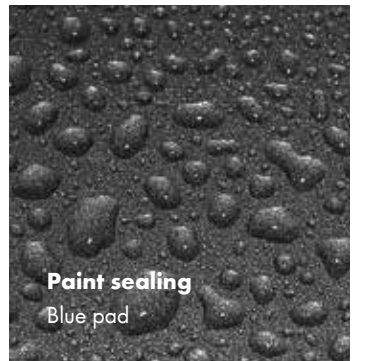

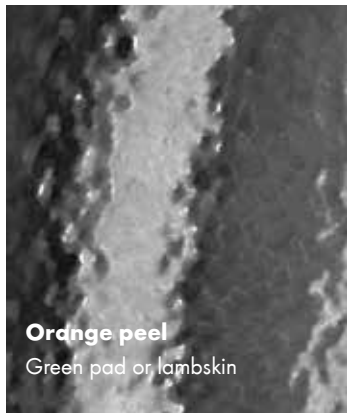

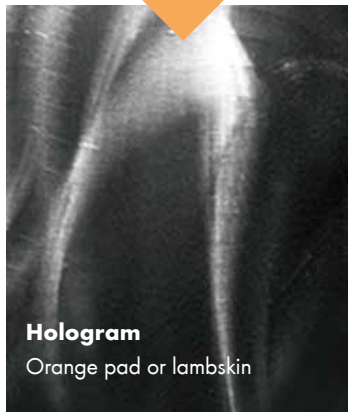

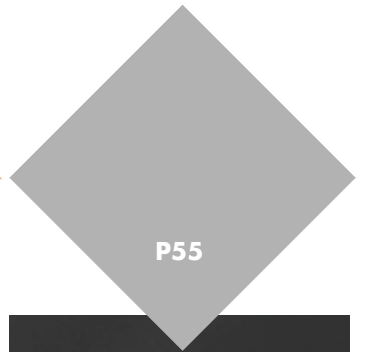

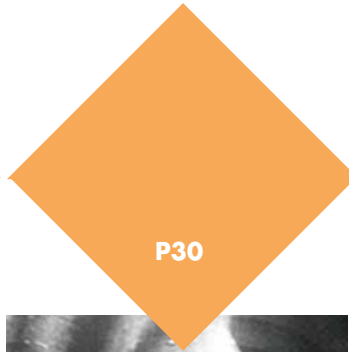

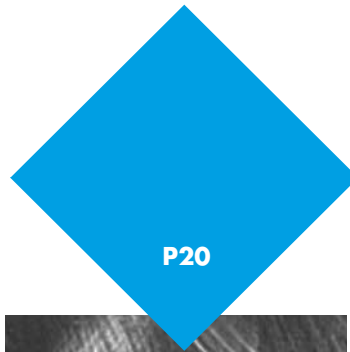

- 40 x 40cm
- Great cleaning power without chemical additives
- Tear-proof cloth, resistant to pulling, excellent moisture absorption
- Absorbs 4 times its own weight

Art. No. 0899 900 150 | P.Qty. 10

THE CROWNING GLORY OF THE PREPARATION – PERFECT VEHICLE PAINTWORK

We will provide you with maximum innovative power to make vehicle preparation as easy as possible for you when it comes to polishing and sealing: Now you can look forward to the new, even more efficient and perfectly harmonized products in the Würth Perfection Line. Rediscover your passion for gleaming results!

Select the polish and pads appropriate for the severity of the scratches and apply evenly in crossing movements. The advantages of our new pads can be seen whenever you polish!

NEW

P10

Fast Cut Polish Plus P10

Highly abrasive high gloss polish for quickly removing surface defects in fresh repairs and fully hardened top coats.

- For conventional and scratch proof paint types
- Innovative powdered composition made from aluminum oxide
- Extremely high surface removal rate and unprecedented gloss level
- Effortlessly removes sanding grooves from a grain of P1500 upwards
- Polish does not splash
- Can be applied manually and by machine
- Suitable for use on used and new paint surfaces
- Silicone free

250 g | Art. No. 0893 150 012 | P.Qty. 1/15

1 kg | Art. No. 0893 150 010 | P.Qty. 1/6

NEW

P20

Medium Cut Polish Plus P20

Medium abrasive high gloss polish for efficient paint preparation.

- For conventional and scratchproof paint types
- Specially matched powdered composition made from aluminium oxide
- Moderate surface removal rate and very high gloss level
- Effortlessly removes sanding grooves from a grain of P2000 upwards
- Polish does not splash
- Can be applied manually and by machine
- Suitable for use on used and new paint surfaces
- Silicone free

250 g | Art. No. 0893 150 022 | P.Qty. 1/15

Polymer Surface Protect

Transparent surface protection for sealing and preserving smooth surfaces as well as for removing polishing streaks and holograms. Contains high quality polymers. Polishing streaks are reliably removed. Excellent resistance to weathering and UV. Brilliant gloss of painted surfaces. Water and dirt-repellent effect. Prevents lime deposits. Reduces the amount of cleaning and care required.

500ml | Art. No. 0893 158 | P.Qty. 1/12

NEW!

Our new generation of polishing pads – created for maximum performance

1 Calibrated surface (spidering)

Calibration increases the surface of our polishing pads, which allows much greater take-up of our polishes. This results in greater dirt removal and a longer useful life of the abrasive polishing grit.

Your advantage: maximized effective power with minimized wear.

2 Centering

Most of our polishing pads have a hole for quick, convenient and perfect centering.

Your advantage: a harmonious polishing result all round.

3 Open-pore foam

All our polishing pads are made from high quality open pore foam. The open pores and the calibrated surface eliminate heat perfectly during the polishing process.

Your advantage: consistent dirt removal rate combined with a low heat build-up.

4 Rounded edges

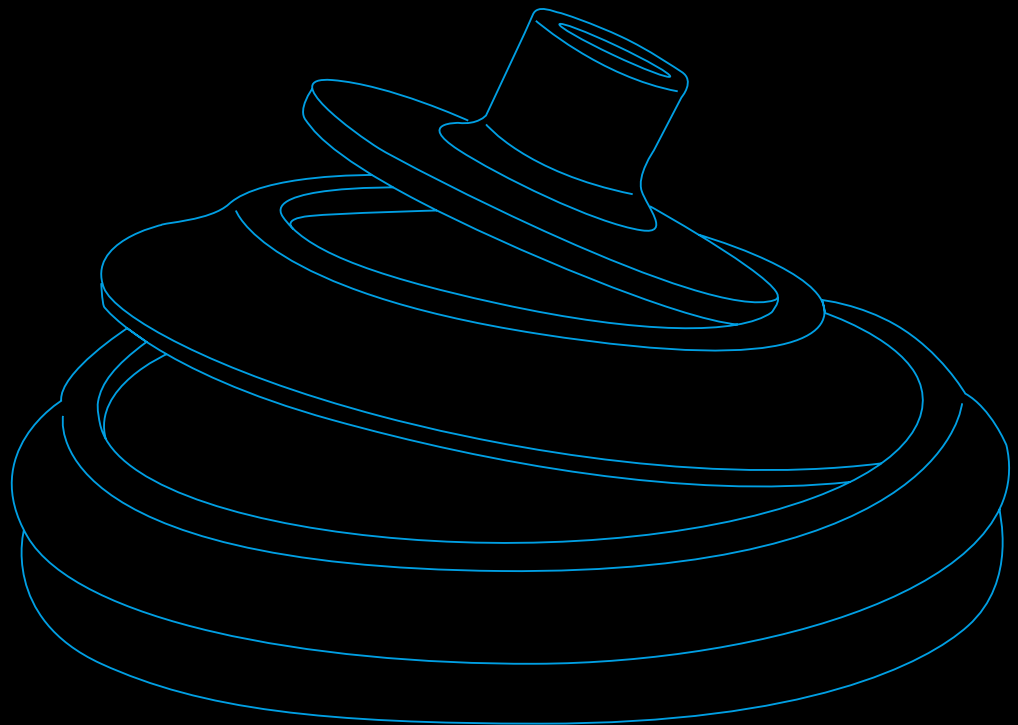

Our polishing pads adapt themselves to all vehicle contours thanks to their rounded edges. This flexible geometry prevents new paint scratches.

Your advantage: Flexibility on any vehicle body shape.

Simplicity that you can feel – discover our new 3in1 polishing discs

3in1 Polishing Disc

Polishing discs perfected for professional use: Use all three dimensions of our polishing pads with just one disc. How to work especially quickly and efficiently to achieve the perfect result – even with different polishing pad sizes. Your advantages: Simple handling, quicker results, better value-added.

Coming
soon

3in1

POLISHING PAD FOR USE WITH POLISHING COMPOUNDS.

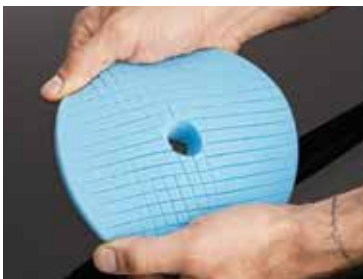

- Grooving (spider web structure) of surface greatly increases surface area. This allows much more polish to be absorbed, delivering greater removal rate and extending the performance of the abrasive polishing grains.
- Open cell foam for consistent removal rate and maximum duration of use.
- Greater flexibility over any body shape
- Thanks to rounded edges, the polishing pads adapt to any shape or curvature of vehicle and prevent new paint irritation owing to the intelligent geometry.

NEW

Green Polishing Pad Series

Hard polishing pads for maximum dirt removal combined with minimal heat build-up. Your advantage: Gentle preparation even where there are heavy paint scratches.

- Green Pad 90 x 25 mm | Art. No. 0585 025 090 | P.Qty. 4**
- Green Pad 145 x 25 mm | Art. No. 0585 025 145 | P.Qty. 2**
- Green Pad 170 x 25 mm | Art. No. 0585 025 170 | P.Qty. 2**

Blue Polishing Pad Series

Medium-hard polishing pads for good dirt removal combined with minimal heat build-up. Your advantage: measured hardness, maximum perfection.

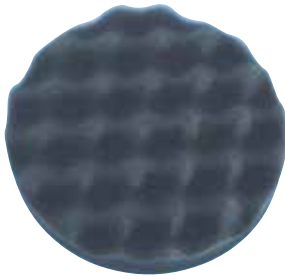

- Blue Pad 90 x 25 mm | Art. No. 0585 027 090 | P.Qty. 4**
- Blue Pad 145 x 25 mm | Art. No. 0585 027 145 | P.Qty. 2**
- Blue Pad 170 x 25 mm | Art. No. 0585 027 170 | P.Qty. 2**

Orange Polishing Pad Series

Soft polishing pads for good dirt removal combined with minimal heat build-up. Your advantage: measured hardness, maximum perfection.

- Orange Pad 90 x 25 mm | Art. No. 0585 026 090 | P.Qty. 4**
- Orange Pad 145 x 25 mm | Art. No. 0585 026 145 | P.Qty. 2**
- Orange Pad 170 x 25 mm | Art. No. 0585 026 170 | P.Qty. 2**

NEW

Polishing Pad Wave

Extremely fine and soft polishing pad with Velcro fastener for the removal of micro-scratches and holograms.

- Wave structure
- No splattering of the polish at high speeds
- Minimal heat generation combined with long service life

130mm | Art. No. 0585 28 130 | P.Qty. 2

Lambskin Black

For economical removal of scratched, dull and partially ground paint areas.

- Lint free result
- Lambskin is highly suitable for use on dark paint.
- Quickly visible working result
- The thick skin structure ensures optimal removal rate.
- Minimal heat generation combined with long service life
- Due to highest quality genuine lambskin.

135mm | Art. No. 0585 135 | P.Qty. 5

NEW

Lambskin White

For professional polishing work on heavily stressed and weathered paint surfaces.

- Universal use
- Suitable for light and dark paint surfaces
- Very good removal rate due to very fine skin structure
- Minimal heat generation combined with long service life
- Due to highest quality genuine lambskin

POLISHING MACHINE

EPM 160-E

Passionately powerful:
Discover our new eccentric polishing machine

Compact and high performance, with 1,010 W motor and 8 mm polishing stroke for a high level of efficiency. Ideally suited for hologram free polishing with permanent positive drive.

- Compact, ergonomic, quiet
- Low weight for easy handling
- Low noise emissions
- Extremely smooth running with equalising weight
- A tachometer generator ensures that the speed remains constant, even under loads.
- Continuously adjustable speed
- Speed pre-selection for easily adjusted polishing speed
- Soft start for slow, careful start of the machine without jerking or spraying polish
- Overload protection
- Ideal for heat-sensitive finishes
- Low surface heat generation

Art. No. 5707 500 0 | P.Qty. 1

Requires converter plug
Art.No. 0702 177 05

NEW

3
YEARS
WARRANTY

Powerful: 1,010 Watt motor

Effective: 8 mm polishing stroke for high effectiveness

Flexible: Adjustable speed of 160-480 rpm

Staying power: The tachometer generator keeps the speed constant even under load

Safe: Restart lock, overload protection and temperature monitoring

Backing Disc for 5707 500 0

Damped special Velcro disc for polishing.

- For exclusive use on EPM 160-E eccentric polishing machine.

Art. No. 0586 500 140 | P.Qty. 1

NEW

Requires converter plug
Art.No. 0702 177 05

Polishing Machine P200-E

Powerful polishing machine and in a compact and handy design.

- For painted and metal surfaces
- With the corresponding accessories, the PM 200-E replaces a burnishing machine
- Extremely handy and lightweight
- Minimal force needed when working side surfaces
- Careful, targeted polishing
- Double transmission reduction enables very low speed
- Increased user safety
- Soft start and restart protection (after power cuts)
- Does not come with backing pad, requires either 0586 01 125, 150 or 80

Art. No. 0702 453 0 | P.Qty. 1

NEW

Polishing Machine EPM 2000-7

Very powerful polishing machine with additional D-handle for more convenient and comfortable operation.

- Non-slip D-handle for comfortable operation.
- Antivibrations system on head handle.
- Speed controller allows the polishing on different materials.
- 1 year warranty
- Comes with UK pin plug

Art. No. 5717 010 110 | P.Qty. 1

XL | Art. No. 0899 470 372 | P.Qty. 100

Andromeda Goggles

Two-component technology for reliable protection and maximum comfort.

- Ideal for users who wear glasses
- Panoramic field of vision
- Optimum ventilation for ideal eye comfort
- Suitable for combining with half-face masks
- High impact-resistant polycarbonate lens
- Unique coating (Scratch-resistant lens surface and permanent anti-fog coating on inside)
- Lens can be replaced quickly and easily
- Individually adjustable headband
- 100 % UV protection up to 400 nm

Art. No. 0899 102 110 | P.Qty. 1

Wega Goggles

The light-weight of full-vision goggles

- Slim-line design and low weight (46 g)
- Flexible components for an optimum fit and high degree of comfort
- Adapts to the shape of the wearer's face
- Adjustable head strap
- High-quality lens coating
- Outside: extremely scratch-resistant
- Inside: permanently resistant to fogging
- Ideal for combining with hard hats and breathing protection masks
- 100% UV protection up to 400 nm

Art. No. 0899 102 116 | P.Qty. 1

Half Mask HM173

With bayonet connection in accordance with EN 141.

- Soft, pleasant mask body for an optimum air-tight fit
- Double filter for low breathing resistance
- 4-point strap design for high stability
- Suitable for users with glasses
- Silicone-free

FILTERS ARE NOT INCLUDED, PLEASE CHOOSE REQUIRED FILTERS FOR APPLICATION. TURNOVER FOR FILTER LIST.

Art. No. 0899 173 | P.Qty. 1

GAS & COMBI FILTER FINE DUST FILTER

For Half Mask HM 173

- Bayonet attachment system complying with EN141
- Lightweight
- Ideal weight distribution
- Gas filters, when used in conjunction with the filter container, Art. No. 0899 173 007, can be combined with the fine dust filters

Application

Chemical and paint processing workshops, refuse disposal and decontamination companies, wood processing and finishing workshops, flooring companies, plastic processing, car and other workshops.

Filter type	Identification colour	Hazardous substance	Application	Art. No.	Pack Qty.
P2 ①	white	Fine dusts up to 10 times the limit value, with full face mask up to 15 times the limit value	As a particle prefilter for gas filters for solid and liquid particles Fitting for Art. No. 0899 173 003	0899 173 001	10
P3 ②	white	Fine dusts up to 30 times the limit value, with full face mask up to 400 times the limit value	Against solid and liquid particles of toxic, highly toxic and carcinogenic substances	0899 173 002	6

Floor Mat

Protective floor mats.

- Protects car mats from dirt
- Absorbent paper soaks up wet and dirt
- Mat size: 500mm x 380mm

Roll 250pcs | Art. No. 0899 500 035 | P.Qty. 1

Boxed 500pcs | Art. No. 0899 500 033 | P.Qty. 1

Seat Cover Roll 500pcs

Suitable for use with airbags.

- White, oil-resistant and water-resistant PE film.
- Film thickness of 13 µm (0.013 mm) for optimal material thickness for elasticity in all directions.
- Exact perforation for precise and easy tear off.
- Easy to unroll without the film pulling to one side.
- Practical dispenser carton protects against dust.

Art. No. 0899 500 01 | P.Qty. 1

Kneeling Mat

Protective mat made from non-absorbent foam, to protect against dirt and prevent health hazards.

- Easy-to-clean, closed-cell surface
- With ergonomic carry handle. Robust, being resistant to oil, petrol and brake-cleaning agents
- Small: 480 x 320 x 36mm
- Large: 1150 x 550 x 36mm

Small | Art. No. 0899 500 210 | P.Qty. 1

Large | Art. No. 0899 500 220 | P.Qty. 1

Industrial Hand Wipes 72pcs

For thorough and fast cleaning of most surfaces without the need for water, soap or a brush. NSF-certified.

- Ideal for daily use or for use on the go
- Removes extremely heavy contamination such as oils, greases, adhesive, paints, tar and lubricants thoroughly and gently
- Tool, surface and hand cleaning in one product.
- Gentle hand cleaning
- Lasting care and pleasant, fresh fragrance.
- Reusable, as the cloth can be washed out with water and remoistened

Art. No. 0890 900 | P.Qty. 1

SKIN Protection Lotion Ultra

Wash off skin protection lotion to prevent soiling by non-water-soluble substances.

- Effective protective film between skin and working materials
- Prevents adhesion of dirt through dirt-bonding emulsifiers
- Skin functions are not affected
- Forms a dry, elastic, touch-proof protective film- Non-slip gripping of tools
- Leaves no annoying greasy residue on workpieces or tools
- Leaves the skin feeling fresh
- Contains moisturising glycerine and gentle allantoin
- Silicone free and grease free
- Dermatologically tested

1000ml | Art. No. 0890 600 106 | P.Qty. 1

Hand Cleaner

Hand cleaner for medium to heavy soiling with natural exfoliating particles.

- Gentle on the skin
- Cleans and protects
- High proportion of substances with prophylactic effect prevent skin irritation
- pH-neutral and soap-free
- Dermatologically tested
- Prevents drains from becoming clogged
- Alkali-free and silicone-free

4000ml | Art. No. 0893 900 099 | P.Qty. 1
Dispenser | Art. No. 0891 901 | P.Qty. 1

SKIN Hand Cleaner Super

Hand cleaner for very heavy soiling with plastic exfoliating particles.

- Skin-friendly product with excellent cleaning performance
- Gentle on the skin but with excellent cleaning properties
- Free from solvents and soap
- Moisturising ingredients prevent skin irritation
- Dermatologically tested
- Alkali and silicone free

2000ml | Art. No. 0890 600 605 | P.Qty. 1

SKIN Protection Lotion Combi

Wash off skin protection lotion to prevent soiling by water soluble and non-water soluble substances.

- One product for forming a barrier against both water soluble and non-water soluble substances
- Effective protective film between skin and reacting agents
- Owing to the active agent witch hazel, swelling of the skin is reduced when wearing air-sealing gloves
- Forms a dry, elastic, touch proof protective film
- Non-slip gripping of tools
- Leaves no annoying residue on workpieces or tools
- Silicone free and dermatologically tested

1000ml | Art. No. 0890 600 108 | P.Qty. 1

SKIN Care Lotion

Lotion to nourish and regenerate skin after washing and showering.

- Nourishes and regenerates
- Ingredients such as lipids help regenerate the natural skin barrier
- Allantoin moisturises the skin
- Panthenol has an anti-inflammatory effect and accelerates wound healing
- Absorbs quickly and does not leave behind an annoying greasy film
- Silicone free
- Dermatologically tested

1000ml | Art. No. 0890 600 206 | P.Qty. 1

SKIN Dispenser

For dispensing skin protection, cleaning and care products.

- Long service life thanks to robust housing with stainless steel pump
- Precise, application-specific dosage
- Lockable and maintenance-free
- Flexible due to free-standing or wall-mounted use.
- Hygienic operation and dispensing
- Visible button and dispensing opening
- Can be activated with the elbow

Art. No. 0891 900 5 | P.Qty. 1
